VOLUME 3 ISSUE 3

NOVEMBER 2010

**NEW ITEMS  
THIS MONTH**

Low Energy Designs is  
"Preferred Supplier" of  
Streetlights for Swedish  
Road Authority!

## Low Energy Designs WINS LARGE ORDER & BECOMES PREFERRED SUPPLIER FOR LED STREETLIGHTING FROM SWEDISH ROAD AUTHORITY!

PAGE 2

Before 3 x 250w

After 3 x 50w

The Swedish Road Authority nominate LED as "Preferred Supplier".  
Lights installed in Arctic conditions in Sweden prove very popular with the Swedish Road Authority. The photographs above speak for themselves and demonstrate the vast improvement in the spread of light and the quality of the output. Despite the extreme temperatures and adverse conditions our lights continue to "light up" the night sky in Sweden.

## OUR SunRAY LIGHTS SHINE BRIGHTLY IN BLACKROCK CHURCH IN CORK IRELAND!

**OTHER  
PRODUCTS**

- STREET LIGHTS
- CAR PARKING
- OFFICES
- PETROL FORECOURTS
- FLOODLIGHTING
- SIGN LIGHTING ETC...

# LUSH INSTALL OUR SkyLIGHT'S AND ARE DELIGHTED WITH THE RESULTS.

LUSH installation is now complete.

LUSH HEAD OFFICE install our SkyLIGHTS which have provided them with a better quality of light output whilst reducing their carbon footprint.

LUSH were keen to ensure that not only did they maximise cost savings but also that their staff operate and work within a green environment which is the main philosophy and driving force of their Company today.

LUSH are recognised for their "green principles" and Low Energy Designs has provided them with the best lighting products to achieve their goals. Using our products has enabled LUSH to

significantly reduce their carbon footprint as our lights are manufactured in the UK!!

## LED'S SunRAY 20'S LIGHT UP AUSTRALIA'S GYMNASIUMS!
