VOLUME NO 33 ISSUE NO 33

DECEMBER 2013

Penguins all over the world.

Buy the best in LED this Christmas, even the Penguins at Dingleworld experience the benefits of our Aquarium lighting with our lunar/solar scheduler creating the natural habitat of the Antarctic.

We wish all our customers a very Merry Christmas and prosperous New Year.

We look forward to helping many more companies and businesses experience the best that LED lighting can offer and the huge savings that can be achieved in electricity & CO².

The penguins at Dingle Oceanworld in Ireland have happy feet due to our LED aquarium lighting. This is combined with a lunar/solar scheduler which creates a natural habitat simulating the moon and the sun daylight hours. The penguins respond to the natural settings of the scheduler which helps them to sleep and wake just as though they were in the Antarctic.

Our LED lighting now features in many aquariums worldwide including Sydney, Dallas Texas, Phoenix Arizona, St. Petersburg, Belgium, Germany, Italy and the Middle East.

Christmas Shopping at Newlands Shopping Centre under our Glow LED downlights.

QUOTE OF THE MONTH

“ Invest in the Best in LED, talk to us and make sure you buy the best for your business.”

Contact us for a free site survey with one of our technical team who will provide you with a full assessment of your current lighting and a calculation of return investment to enable you to make these cost-effective improvements.

Give us a call now on **01258 858171** and we can arrange for an adviser to get in touch.

Please contact us for further information or visit our website www.lowenergydesigns.com for more case studies and our full product range.
